

# SENTINEL 4 SINGLE STATION ENTRY SYSTEM

## PRODUCT INFORMATION

THE SENTINEL 4 SINGLE STATION ENTRY SYSTEM OFFERS A QUALITY STAINLESS STEEL ENTRANCE PANEL WITH THE ABILITY TO CALL ENTRYPHONES AND/OR APARTMENT STATIONS. THE APARTMENT STATIONS CAN BE REMOTELY OPERATED VIA THE OPTIONAL INFRA-RED REMOTE CONTROL UNIT.

THE SINGLE STATION SYSTEM CAN ALSO BE INTERFACED TO ANY MAIN SENTINEL 4 DOOR ENTRY SYSTEM TO ENABLE A SINGLE UNIT TO OPERATE BOTH THE MAIN BLOCK ENTRANCE DOOR AND THE RESIDENTS PRIVATE FRONT DOOR. THE SYSTEM IS FULLY PRIVATE SO A POORLY PLACED HANDSET WILL NOT LEAVE THE AUDIO CHANNELS OPEN.
